No. 5603/08.03.2022

To the Province of Flevoland,

To the attention of Mr. **Jan Nico Appelman**, Deputy King's Commissioner

Dear Sir,

Please allow me to convey on behalf of the entire executive of Maramureș County Council our gratitude for the support you have shown in this undergoing humanitarian crisis that unfolds at the borders of Maramures.

Our regions have a long history of cooperation as our communities have been connected under the umbrella of our twinning relation since 2015. We take great pride that in this complicated times we can always rely on our strategic partners.

Maramures has undertaken the role of supporting its neighboring country, Ukraine, and we are integrating all the efforts of solidarity shown towards the people of Ukraine from local and national authorities, civil society, NGO's, international partners .

To this respect, we are in close contact with our relevant partners from Ukraine and have managed to create a constant flow of necessities that can support the affected communities.

Please allow me to introduce the main categories of necessities identified up to this moment:

- medical supplies** (a recent detailed list has been attached to this document),
- equipment and subsequent supplies** (as example: electric generators of low and high capacity, autonomous heating equipment, water purifiers, equipment for emergency interventions, protective costumes chemical and bio-hazard, sleeping bags)
- **long term storage food provisions** (especially canned items)
- **personal hygiene items for adults and children.**

An updated list of necessities can be made available regularly, and further details will be constantly shared between the twinning responsible of Maramures county and the Province of Flevoland.

Once again please receive our most sincere gratitude for your thoughtful gesture and strategic support under these difficult times.

I am confident that together we can truly stand by Ukraine!

With deepest consideration,
Ionel Ovidiu BOGDAN,
President of Maramures County Council

ПЕРЕЛІК ПОТРЕБ / LIST OF NEEDS
