

An aerial photograph showing a wide river flowing through a residential and industrial area. The river is dark brown. On the left bank, there are two residential areas: 'Stripheldenbuurt' at the top and 'Eilandenbuurt' below it. On the right bank, there is a large area labeled 'Eemvallei'. Two areas are outlined with a white dotted line and labeled 'onderzoeksgebied' (research area). One is a large, irregularly shaped area in the middle of the river, and the other is a smaller area on the right bank, adjacent to a green field and a road.
